MSRC MEETING AGENDA ITEMS (Participation of MSRC Members Only)

CONSENT CALENDAR (Items 1 through 7)

Information Only - Receive and File

- 1. MSRC Contracts Administrator's Report Ravenstein
p.

This report covers key issues addressed by MSRC staff, status of open contracts, and administrative scope changes from August 30 through September 26, 2018.

- 2. Financial Report on AB 2766 Discretionary Fund Kampa
p.

Financial Report for September, 2018

For Approval – As Recommended

- 3. Consider Reduced Scope and Value and 18-Month Term Extension by City of Cathedral City, Contract #ML14072 (\$136,000 – Purchase Vehicles, Install Electric Vehicle Charging & Bike Racks, and Conduct Bicycle Education Campaign) Ravenstein
p.

Due to the reduced size of their Public Works Department, the City requests to eliminate tasks and funding associated with the purchase of medium- and heavy-duty CNG vehicles. The City also requests an 18-month term extension for the installation of electric vehicle charging stations, due to delays associated with identifying locations which can meet the project budget. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

- 4. Consider Modified Statement of Work and Contract Term Extension to November 30, 2026 by Long Beach Transit (LBT), Contract #MS16121 (\$600,000 – Purchase 40 Near-Zero CNG Vehicles) Ravenstein
p.

LBT requests to modify the contract to repower 39 vehicles and purchase 1 vehicle, rather than purchase 40, because they were able to utilize another funding source for the other bus purchases. LBT further requests a contract term extension to November 30, 2026 to complete the work and meet the five-year operational requirement. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

- 5. Consider 14-Month Term Extension and Change of Contractor Name by San Bernardino County Transportation Authority (SBCTA), Contract #MS16091 (\$1,000,000 – Signal Synchronization Upgrades) Ravenstein
p.

SBCTA requests a 14-month term extension due to longer than expected time necessary for data collection, corridor re-timing efforts and coordination with sixteen local jurisdictions. Additionally, in December 2016 San Bernardino Associated Governments informed the MSRC of the creation of the SBCTA. While the existing agreement remains valid, it is appropriate to change the contractor name as part of the modification. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

- 6. Consider Modified/Corrected Award to Capistrano Unified School District under the Natural Gas Infrastructure Program Ravenstein
p.

As an element of their FYs 2016-18 Work Program, the MSRC previously awarded \$116,000 to Capistrano Unified School District as part of the Natural Gas Infrastructure Program. The project was described as the expansion of an existing limited access station, when the description should include both expansion of the station and training technicians. This action would correct the description with no change to the award amount. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

- 7. Consider Novation of Contract #MS16030 with The Better World Group, Inc. to Better World Group Advisors, Inc. Ravenstein
p.

The Better World Group (BWG) currently provides the MSRC with programmatic outreach assistance under Contract #MS16030, which will expire on December 31, 2019. BWG recently informed MSRC staff that their owner and CEO will be retiring at the end of 2018. On or before January 1, 2019, BWG will become a new legal entity named Better World Group Advisors, Inc. (BWGA) and have new co-owners. With the exception of the current owner, the same BWG staff would continue to provide service to the MSRC. In order to minimize any interruption in programmatic outreach, MSRC staff and SCAQMD Legal staff recommend execution of a novation agreement. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

ACTION CALENDAR (Item 8)

FYs 2016-18 WORK PROGRAM

8. Consider Funding for Applications Received under the Local Government Partnership Program

Ravenstein
p.

As an element of their FYs 2016-18 Work Program, the MSRC allocated \$21,180,650 for a funding partnership with cities and counties to jumpstart implementation of the SCAQMD’s 2016 Air Quality Management Plan. A Program Opportunity Notice was released on September 1, 2017. Per the Program Opportunity Notice, each city and county within SCAQMD that participates in the AB 2766 Subvention Fund Program has a funding allocation reserved for its use. The primary eligible project categories focus upon zero- and near-zero-emission vehicles and their supporting infrastructure, with a few additional categories open to the smallest jurisdictions. The MSRC has previously funded applications totaling \$15,024,247. Two additional applications, requesting a total of \$337,108, from the Cities of Coachella and San Bernardino, are being brought forward for consideration. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL OF AWARDS TO THE CITIES OF COACHELLA AND SAN BERNARDINO TOTALING \$337,108**

PUBLIC COMMENT PERIOD - (Public Comment on Non-Agenda Items, Pursuant to Government Code Section 54954.3)

At the end of the regular meeting agenda, an opportunity is provided for the public to speak on any subject within the Committee’s authority that is not on the agenda. Speakers may be limited to three (3) minutes each.

AGENDA ITEM #3

Contract Modification Request by
City of Cathedral City

MSRC Agenda Item No. 3

DATE: October 23, 2018

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Reduced Scope and 18-Month Term Extension by City of Cathedral City, Contract #ML14072

SYNOPSIS: Due to the reduced size of their Public Works Department, the City requests to eliminate tasks and funding associated with the purchase of medium- and heavy-duty CNG vehicles. The City also requests an 18-month term extension for the installation of electric vehicle charging stations, due to delays associated with identifying locations which can meet the project budget, as part of the FYs 2012-14 Local Government Match Program.

FINANCIAL IMPACT: If the MSRC approves the City's request, the contract value would be reduced and \$70,000 would revert to the AB 2766 Discretionary Fund.

RECOMMENDATIONS: The MSRC-TAC has reviewed the request and recommends approval

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: City of Cathedral City

Project Title: Purchase Vehicles, Install Electric Vehicle Charging & Bike Racks, and Conduct Bicycle Education Campaign)

MSRC Funding: \$136,000

Project Term: August 13, 2014 to January 12, 2021

Current Request: Reduced scope and value and 18-month term extension

Previous Requests: Modified scope and reallocation of costs between tasks

Project Description: The City was awarded \$136,000 under the MSRC's FYs 2012-14 Local Government Match Program towards the purchase of one medium- and two heavy-duty CNG vehicles, the installation of bicycle racks, the implementation of a bicycle education program, and the installation of electric vehicle charging stations. The bicycle racks have been installed,

and the bicycle education program is 95% complete; no invoices have been received and nothing has been paid to date on this contract.

Previous Request: The City was able to partner with agencies such as the Riverside County Health Department, taking advantage of previously created materials and thereby producing materials for the bicycle education program at a considerable cost savings over the original budget. The City requested to utilize the cost savings to expand their educational program through the purchase of bikes and bike safety kits to be given away at educational events from 2016 through 2019, at no additional cost to the MSRC. Additionally, Contract #ML14072 allocated \$23,000 for bicycle education and \$18,000 for bike racks, while the City had originally proposed \$21,000 for education and \$20,000 for racks. MSRC staff recommended reallocating \$2,000 from bicycle education to bike racks in order to reflect the allocations originally proposed by the City. The MSRC approved the request and reallocation.

Contract Request: The City indicates that they have reduced the size of their Public Works Department. In consequence, they do not foresee a near-term need for the medium- and heavy-duty vehicle procurements specified by this contract, and they request that the tasks and funding associated with those vehicles be removed from the contract. If the MSRC approves this request, \$70,000 would revert to the AB 2766 Discretionary Fund.

Additionally, the City has experienced difficulties in identifying locations to install the electric vehicle charging stations which can meet the project budget. They considered installing all four stations at one location. While that would reduce the cost somewhat, it was not enough to stay within budget. Now the City is planning to install the stations at two new parking lots that are being constructed. The new locations will not require the electrical upgrades that the originally-planned locations would require. The City requests an 18-month contract term extension to allow them to complete the work.

Recommendations: The MSRC-TAC reviewed the request and recommends approval.

RE: REQUEST TO REVISE CONTRACT AB 2766 / ML14072

Dear Ms. Ravenstein:

The City of Cathedral City is requesting a revision to contract AB 2766 / ML14072 with the Mobile Source Air Pollution Reduction Review Committee (MSRC).

Project Element: Purchase of CNG Vehicles

The City is requesting that the element to purchase CNG vehicles be eliminated from contract ML14072. Due to budget issues, the city will not be allocating funds towards the purchase of heavy duty vehicles over the next 5 years.

Project Element: Install EV Charging Stations

The City is requesting an 18-month extension for the installation of EV Charging Stations.

Thank you for your consideration.

AGENDA ITEM #4

Contract Modification Request by
Long Beach Transit

MSRC Agenda Item No. 4

DATE: October 23, 2018

FROM: Cynthia Ravenstein

SUBJECT: Modified Statement of Work and Term Extension to November 30, 2026 by Long Beach Transit, Contract #MS16121

SYNOPSIS: LBT requests to modify the contract to repower 39 vehicles and purchase one vehicle, rather than purchase 40, because they were able to utilize another funding source for the other bus purchases, as part of the FYs 2014-16 “Near-Zero” Natural Gas Engine Incentive Program. LBT further requests a contract term extension to November 30, 2026 to complete the work and meet the five-year operational requirement.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC has reviewed the request and recommends approval

ATTACHMENTS: Contractor’s letter requesting modification

DISCUSSION:

Contractor: Long Beach Transit

Project Title: Purchase 40 Near-Zero CNG Vehicles

MSRC Funding: \$600,000

Project Term: November 3, 2017 to April 2, 2024

Current Request: Modified scope and extension to November 30, 2026

Previous Requests: None

Project Description: LBT was awarded \$600,000 under the MSRC’s FYs 2014-16 “Near-Zero” Natural Gas Engine Incentive Program. In accordance with the application, the contract effectuating the award calls for LBT to purchase 40 buses equipped with engines certified to the 0.02 g/bhp-hr optional NOx standard. LBT has purchased the buses; nothing has been paid to date on this contract.

Contract Request: LBT indicates that, aside from the first (“pilot”) bus, they were able to complete the original scope using funding from federal sources. LBT has identified other buses in their fleet which could be repowered with the near-zero engine. LBT requests to modify the contract to 39 repowers and one purchase.

For transit buses, the MSRC's "Near-Zero" Natural Gas Engine Incentive Program provides \$15,000 per engine regardless of whether the new engine is equipped in a new bus, or is installed in an existing bus. There would be no change in the emissions reductions associated with the project, or its air quality cost-effectiveness, if the MSRC approves the request.

LBT further requests an extension to complete the work. They expect the majority of the repowers to be complete by summer 2020, but the final eight buses would not be complete until fall 2021. While LBT's letter requests an extension to November 30, 2021, this does not take into account the program's five-year operational requirement. Therefore, MSRC staff has confirmed that LBT is actually requesting an extension to November 30, 2026—approximately a 32-month extension.

Recommendations: The MSRC-TAC has reviewed the request and recommends approval.

Mobile Source Air Pollution Committee
Attn: Leah Alfaro, Contracts Assistant

Re: Contract #MS16121 – Modification Request

Dear Ms. Alfaro:

Long Beach Transit (LBT) was awarded funding through the Mobile Source Air Pollution Committee (MSRC) for the purchase of near zero engines to be installed in 40 of its new compressed natural gas (CNG) buses. The funding award totals \$600,000. LBT was able to complete the initial project using funding from federal sources which was able to be leveraged to purchase the near-zero engines. Please note that a near-zero engine was installed on the pilot bus and LBT intends to submit a request to MSRC for reimbursement of the pilot bus.

LBT is requesting a modification to its award. LBT would like to use the remaining MSRC funding (balance after pilot bus reimbursement) to re-power 39 buses. The buses to be re-powered include (31) 2013 Gillig model buses installed with 2013 Cummins ISG engines and eight (8) 2015 New Flyer model buses installed with 2015 Cummins ISG engines. The engines currently installed on these buses are original to the buses. The first (31) buses to be re-powered would commence in late 2019 and be complete by summer 2020. The remaining (8) buses to be re-powered would commence in spring 2021 and be complete by fall 2021.

In order to fully complete this effort LBT is requesting an extension to November 30, 2021.

The MSRC funds will allow us to double our efforts toward operating clean air vehicles, supporting the local, regional and state clean air initiatives within our service area.

We appreciate your assistance.

Sincerely,

Tracy Beidleman

AGENDA ITEM #5

Contract Modification Request by
San Bernardino County Transportation Authority

MSRC Agenda Item No. 5

DATE: October 23, 2018

FROM: Cynthia Ravenstein

SUBJECT: 14-Month Term Extension and Name Change by San Bernardino County Transportation Authority (SBCTA), Contract #MS16091

SYNOPSIS: SBCTA requests a 14-month term extension due to longer than expected time necessary for data collection, corridor re-timing efforts and coordination with sixteen local jurisdictions, as part of the FYs 2014-16 Transportation Control Measure Partnership Program. Additionally, in December 2016 San Bernardino Associated Governments informed the MSRC of the creation of the SBCTA. While the existing agreement remains valid, it is appropriate to change the contractor name as part of the modification.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC reviewed the request and recommends approval

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: San Bernardino County Transportation Authority (formerly San Bernardino Associated Governments)

Project Title: Signal Synchronization Upgrades

MSRC Funding: \$1,000,000

Project Term: October 7, 2016 to November 6, 2018

Current Request: 14-month term extension

Previous Requests: None

Project Description: The MSRC awarded San Bernardino Associated Governments (now SBCTA) \$1,000,000 under the MSRC's FYs 2014-16 Transportation Control Measure Partnership Program to update the San Bernardino Valley Coordinated Traffic Signal System. Updated timing plans have been developed but not yet implemented; nothing has been paid to date on this contract.

Contract Request: SBCTA indicates that while the project was initially ahead of schedule, coordination with the sixteen local jurisdictions, data collection and corridor re-timing efforts

have taken longer than anticipated. SBCTA requests a 14-month extension to complete the work.

Additionally, in December 2016 the MSRC was informed that Senate Bill 1305 had been approved. This bill created the San Bernardino County Transportation Authority (SBCTA) as the successor to the powers, duties, revenues, debts, obligations, liabilities, immunities, and exemptions of the San Bernardino County Transportation Commission, the County of San Bernardino local transportation authority, the San Bernardino County Congestion Management Agency, and the San Bernardino County Service Authority for Freeway Emergencies. While all existing agreements remained valid, all future agreements were to be with SBCTA. If the MSRC approves SBCTA's request, it is appropriate to change the contractor name at this time.

Recommendations: The MSRC-TAC reviewed the request and recommends approval.

Reg.: Contract MS16091 – Revision to Amendment 1 Statement of Work, Part 4 Project Schedule

Mr. Mackenzie,

San Bernardino County Transportation Authority (SBCTA), formerly San Bernardino Associated Governments (SANBAG), hereby submits a request for change to Contract MS16091, Amendment 1 Statement of Work, Part 4 Project Schedule.

The current project schedule provides for a term of 25 months from date of execution of Contract MS16091 by both parties, October 7, 2016. However, due to a variety of reasons, project funds will not be expended under this contract until month 40, January of 2020. The project was ahead of schedule over the first several months as the contractor was procured earlier than anticipated but coordination with the 16 local jurisdictions, data collection and corridor re-timing efforts have taken much longer than anticipated, as such an amendment to extend to the end date is necessary. SBCTA requests that the original contract schedule be replaced with the schedule proposed below, extending the term of the contract through January 7, 2020.

Proposed Project Schedule

Task	Completion	Date
Identify Corridor Priority List	Month 1	October 2016

AGENDA ITEM #6

Consider Corrected Award to
Capistrano Unified School District

MSRC Agenda Item No. 6

DATE: October 23, 2018

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Consider Modified/Corrected Award to Capistrano Unified School District under the Natural Gas Infrastructure Program

SYNOPSIS: As an element of their FYs 2016-18 Work Program, the MSRC previously awarded \$116,000 to Capistrano Unified School District as part of the Natural Gas Infrastructure Program. The project was described as the expansion of an existing limited access station, when the description should include both expansion of the station and training technicians. MSRC staff recommended modifying the description to include training technicians, with no change to the award amount.

RECOMMENDATION: The MSRC-TAC reviewed staff's recommendation and recommends approval

FISCAL IMPACT: None

AGENDA ITEM #7

Consider Novation of Contract With
The Better World Group to
Better World Group Advisors

MSRC Agenda Item No. 7

DATE: October 23, 2018

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Novation of Contract #MS16030 with The Better World Group, Inc. to Better World Group Advisors, Inc.

SYNOPSIS: The Better World Group (BWG) currently provides the MSRC with programmatic outreach assistance under Contract #MS16030, which will expire on December 31, 2019. BWG recently informed MSRC staff that their owner and CEO will be retiring at the end of 2018. On or before January 1, 2019, BWG will become a new legal entity named Better World Group Advisors, Inc. (BWGA) and have new co-owners. With the exception of the current owner, the same BWG staff would continue to provide service to the MSRC. In order to minimize any interruption in programmatic outreach, MSRC and SCAQMD Legal staff recommend execution of a novation agreement.

RECOMMENDATION: The MSRC-TAC considered staff's recommendation and recommends approval.

WORK PROGRAM IMPACT: None

Discussion: Following an open RFP process in 2015, the MSRC awarded \$120,000 for Programmatic Outreach Services to BWG. The contract to effectuate this award was executed January 1, 2016. Subsequent to execution, the contract value was increased by \$10,716 for work in support of development of the new MSRC website as well as work associated with the MSRC's Retreat. The contract also allowed for a two-year extension, in an amount not to exceed \$125,903, contingent upon allocation of funds by the MSRC and approval by the SCAQMD Governing Board; the MSRC and SCAQMD Governing Board approved exercising the option in October 2017 and November 2017, respectively.

BWG recently informed MSRC staff that their owner and CEO will be retiring at the end of 2018. On or before January 1, 2019, BWG will become a new legal entity named Better World Group Advisors, Inc. (BWGA) and have new co-owners. With the exception of the current owner Wendy James, the same BWG staff would continue to provide service to the MSRC. Cecilia Estolano would take on Ms. James' previous role with respect to MSRC outreach. Her areas of

proficiency include, but are not limited to, contemporary urban planning, environmental equity, and urban revitalization. BWGA has expertise in areas of relevance to the MSRC such as active transportation and the transportation/land use nexus.

Given the current contract termination date of December 31, 2019, it is anticipated that the regular process of re-competing MSRC's programmatic outreach function will be initiated around the second quarter of 2019. The new contractor would be expected to start work on January 1, 2020.

In order to minimize any interruption in programmatic outreach services, MSRC and SCAQMD Legal staff recommend execution of a novation agreement. When executed, this would allow BWGA to assume the responsibilities formerly undertaken by BWG through December 31, 2019.

Recommendations: The MSRC-TAC reviewed staff's recommendation and recommends approval.

AGENDA ITEM #8

Consider Applications Received Under the
Local Government Partnership Program

MSRC Agenda Item No. 8

DATE: October 23, 2018

FROM: Cynthia Ravenstein, MSRC Contracts Administrator, on behalf of MSRC-TAC Local Government Match Subcommittee

SUBJECT: Review FYs 2016-18 Local Government Match Program Applications Received & Recommend Funding Awards

SYNOPSIS: The MSRC allocated a total of \$21,180,650 of MSRC **Clean Transportation Funding™** to the FYs 2016-18 Local Government Partnership Program. Per the Program Opportunity Notice, each city and county within SCAQMD that participates in the AB 2766 Subvention Fund Program has a funding allocation reserved for its use. While the last day to submit an application was August 2, 2018, applications were considered as they were received. The MSRC has previously approved 122 awards totaling \$15,024,247. Two additional applications, requesting a total of \$337,108, from the Cities of Coachella and San Bernardino, are being brought forward for consideration.

RECOMMENDATION: The MSRC-TAC reviewed the recommendations of its Local Government Match Subcommittee and recommends approval of two awards totaling \$337,108 as described below.

FISCAL IMPACT: A total of \$21,180,650 in MSRC Discretionary funding was reserved for the Local Government Partnership Program under the FYs 2016-18 Work Program.

DISCUSSION: As an element of their FYs 2016-18 Work Program, the MSRC developed and implemented the Local Government Partnership Program. This Program represents a significant departure from prior MSRC programs such as the Local Government Match Program, in that it is not competitive. Each city and county within SCAQMD which participates in the AB 2766 Subvention Fund Program has a pro-rata funding allocation reserved for its use. The Program directly supports the SCAQMD's 2016 Air Quality Management Plan (AQMP) by focusing MSRC investments on AQMP measures, and local government leadership will be educated on the region's air quality challenges and the regional blueprint for achieving healthful air. A total of \$21,180,650 in MSRC Discretionary Funds was allocated. The Program offers to co-fund qualifying light-, medium- and heavy-duty zero-emission vehicles (ZEVs); near-zero-emission heavy-duty vehicles; alternative fuel Infrastructure projects; and electric vehicle charging infrastructure. Cities with smaller populations—those who are eligible for a maximum MSRC funding contribution of \$50,000—may propose projects within any of the above categories but also for traffic signal synchronization, bicycle active transportation, and first mile/last mile strategies.

The solicitation mechanism is a Program Opportunity Notice (PON). The PON was released on September 1, 2017 concurrent with SCAQMD Governing Board approval. The application period was originally scheduled to

close on March 2, 2018. However, at their February 15, 2018 meeting, the MSRC acted to extend the deadline to August 2, 2018.

The MSRC has previously approved 122 awards totaling \$15,024,247. Consideration of one application, from the City of San Bernardino, was previously deferred while the MSRC-TAC Local Government Match Subcommittee sought additional information. That clarification has now been obtained. Another application, from the City of Coachella, was not previously considered due to a numbering mix-up. These represent the final applications under this Program.

The MSRC TAC considered the recommendations of its Local Match Subcommittee and recommends approval of two awards totaling \$337,108 as shown below.

Table 1 – Recommended Awards

NO	Jurisdiction	Project Type(s)	Funding Request
93	City of Coachella	EV charging infrastructure (at least one public access Level II and one public access Level III stations)	\$58,020
109	City of San Bernardino	Medium-duty ZEVs (two vehicles, specific type TBD), heavy-duty ZEVs (three vehicles, specific type TBD) and EV charging infrastructure (at least two public access and one limited access Level II stations)	\$279,088
			\$337,108
