

**MOBILE SOURCE AIR POLLUTION REDUCTION REVIEW COMMITTEE (MSRC)
MEETING AGENDA**

Thursday, December 16, 2021 at 2:00 p.m.

Pursuant to Assembly Bill 361 the MSRC meeting will be held at 2:00 p.m. on Thursday, November 18, 2021 through a hybrid format of in-person attendance in the Dr. William A. Burke Auditorium at the South Coast AQMD Headquarters, 21865 Copley Drive, Diamond Bar, California, and/or virtual attendance via videoconferencing and by telephone.

Given health and safety concerns, auditorium seating availability may be limited and the meeting format may be changed to full remote. Please refer to the MSRC's website for information regarding the format of the meeting, updates if the meeting format is changed, and details on how to participate.

Proof of vaccination or a negative COVID test within 72 hours prior to the start of the meeting will be required for admittance into the auditorium.

Proof of COVID-19 Vaccination includes:

- COVID-19 Vaccination Record Card (issued by the Department of Health and Human Services Centers for Disease Control & Prevention or WHO Yellow Card1) which includes name of person vaccinated, type of vaccine provided and date doses administered); OR
- A photo of a vaccination card as a separate document; OR
- A photo of the vaccine card stored on a phone or electronic device; OR
- Documentation of vaccination from a healthcare provider; OR
- [Digital record](#) that includes a QR code that when scanned by a SMART Health Card reader displays to the reader: name, date of birth, vaccine dates and vaccine type

REMINDER: Mask wearing is required indoors during the meeting.

6. Report on Updated Language for MSRC Contracts

Hsu/
Ravenstein

The MSRC often provides funding towards the installation of fueling or charging infrastructure, and South Coast AQMD enters into contracts with funding recipients to effectuate these awards. Because these projects use public funds, they are deemed to be public works projects by the California Department of Industrial Relations (DIR). DIR requires an “awarding body” (that is, the entity that has control over the construction contract and project) be registered with DIR and be responsible for performing various duties. While South Coast AQMD provides funding to the projects on behalf of MSRC, it is the funding recipient who controls the installation. To make clearer that these are grant agreements and that South Coast AQMD is not an awarding body in DIR’s context, certain changes have been made to the standard language for MSRC contracts as discussed in the staff report.

For Approval – As Recommended

7. Consider Revised Project Scope by MHX, LLC, Contract #MS21017 (\$1,900,000 – Deploy 10 Zero Emission Trucks & Infrastructure)

Ravenstein

MHX requests to substitute ten Kenworth Model T680E battery electric trucks and two EVgo Delta 200kW DC fast chargers for the ten Tesla semi Class 8 zero emission trucks and two Tesla MegaChargers originally approved by the MSRC. **EXCEPT FOR A RECUSAL BY MEMBER BILODEAU, THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

8. Consider One-Year No-Cost Term Extension by City of La Puente, Contract #ML18178 (\$25,000 – Purchase One Heavy-Duty Near-Zero Emission Vehicle)

Ravenstein

The City experienced longer than anticipated times evaluating potential vehicle models and purchasing approaches available within their municipal code. They now expect Council approval in January 2022 and they request a one-year term extension. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

ACTION CALENDAR (Items 9 through 13)

FY 2011-12 WORK PROGRAM

9. Consider Six-Month No-Cost Term Extension by City of Bellflower, Contract #ML12091 (\$100,000 – Install EV Charging Infrastructure)

Ravenstein

The City requests a six-month term extension due to delays associated with COVID-19 impacts and other potential projects that will be taking place at Simms Park. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL CONTINGENT UPON LIMITING ANY FUTURE EXTENSIONS TO A MAXIMUM OF AN ADDITIONAL SIX MONTHS IN TOTAL**

10. Consider Eighteen-Month No-Cost Term Extension by City of San Fernando, Contract #ML16075 (\$354,000 – Install Class I Bikeway) Ravenstein

The City indicates that the time to obtain a required permit from the U.S. Army Corps of Engineers was even greater than anticipated, delaying their progress for several years. This permit has now been obtained and the City requests an eighteen-month term extension. **THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL OF A THIRTY-MONTH TERM EXTENSION TO MINIMIZE THE POTENTIAL OF ADDITIONAL REQUESTS**

FYs 2014-16 WORK PROGRAM

11. Consider Re-Opening Contract for San Bernardino County Transportation Authority, Contract #MS16086 (\$800,625 – Freeway Service Patrols) Ravenstein

Contract was closed in error prior to payment of final invoice in the amount of \$115,023.09. Authorization is requested to re-open the contract solely for purposes of this reimbursement. **EXCEPT FOR A RECUSAL BY MEMBER LYNN, THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

FYs 2018-21 WORK PROGRAM

12. Consider Bifurcation of Original \$1,160,000 Award to Penske Truck Leasing Co., L.P. under the Zero and Near-Zero Emission Cargo Handling Equipment at Warehouse, Distribution and Intermodal Facilities in Riverside and San Bernardino Counties Program Ravenstein

In March 2021, as part of an initiative to reduce emissions from “Inland Ports” cargo handling equipment, the MSRC approved a \$1,160,000 award to Penske Truck Leasing Co., L.P., to procure and deploy up to 5 zero-emission electric yard tractors and associated charging infrastructure. A determination has now been made that the charging infrastructure would be owned and operated by property owner Costco. In order to enhance accountability in administration of the project, it is recommended that the award be bifurcated into a \$1,000,000 award to Penske for the 5 yard tractors, and a \$160,000 award to Costco for the charging infrastructure. No other aspects of the project would be changed. **EXCEPT FOR A RECUSAL BY MEMBER BILODEAU, THE MSRC-TAC UNANIMOUSLY RECOMMENDS APPROVAL**

FYs 2021-24 WORK PROGRAM

13. Update on the FYs 2021-24 Work Program Development Process Gorski

The MSRC will discuss ideas as they relate to potential project categories under the FYs 2021-24 Work Program and consider options for structuring and convening subcommittees to develop proposed Work Program elements.

OTHER BUSINESS

14. **Any member of the committee, on his or her own initiative or in response to questions posed by the public, may ask a question for clarification, may make a brief announcement or report on his or her own activities, provide a reference to staff regarding factual information, request staff to report back at a subsequent meeting concerning any matter, or may take action to direct staff to place a matter of business on a future agenda. AGENDA ITEM #1

Comply with AB 361 Requirements to Allow MSRC to
Continue to Meet Remotely

MSRC Agenda Item No. 1

DATE: December 16, 2021

FROM: Daphne Hsu, Principal Deputy District Counsel

SUBJECT: Comply with AB 361 Requirements to Allow MSRC to Continue to Meet Remotely

SYNOPSIS: This action is to adopt the attached Resolution finding that the MSRC: 1) has reconsidered the circumstances of the state of emergency; and 2) state or local officials continue to impose or recommend measures to promote social distancing. See Cal. Gov't Code section 54953(e)(3).

RECOMMENDATION: Adopt the attached Resolution finding that the MSRC: 1) has reconsidered the circumstances of the state of emergency; and 2) state or local officials continue to impose or recommend measures to promote social distancing.

FINANCIAL IMPACTS: None

Background: Governor Newsom previously issued Executive Orders (EOs) N-29-20 and N-35-2 in March 2020, as a response to the public health crisis brought about by the COVID-19 pandemic. These EOs authorized local legislative bodies subject to the Ralph M. Brown Act to conduct meetings entirely via telephonic or other electronic means in lieu of requiring the physical presence of Board members or members of the public. On June 11, 2021 the Governor issued EO N-08-21, which continued suspension of the Brown Act's teleconferencing requirements, without requiring that members of the public be given the right to access all teleconference locations, through September 30, 2021, in anticipation of the State's proposed re-opening.

Assembly Bill 361, signed into law by Governor Newsom on September 16, 2021, amends the Brown Act and will stay in effect from October 1, 2021 until January 1, 2024. In part, AB 361 amends subparagraph (e) of section 54953 of the California Government Code to state that local agencies may continue to use teleconferencing without complying with the teleconferencing requirements of the Brown Act in any of the following circumstances:

- A. When the legislative body holds a meeting during a proclaimed state of emergency and state or local officials have imposed or recommended measures to propose social distancing;

- B. When the legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees; or
- C. When the legislative body holds a meeting during a proclaimed state of emergency and has already determined, by majority vote, pursuant to subparagraph (B), that, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

In the event of an ongoing proclaimed state of emergency, or where state or local officials have imposed or recommended measures to promote social distancing, in order to continue to utilize the teleconferencing measures set forth above, a legislative body must, no later than 30 days after teleconferencing for the first time pursuant to Government Code section 54953(e)(1), and every 30 days thereafter, make the following findings by majority vote:

- A. The legislative body has reconsidered the circumstances of the state of emergency.
- B. Any of the following circumstances exist:
 - i. The state of emergency continues to directly impact the ability of the members to meet safely in person; or
 - ii. State or local officials continue to impose or recommend measures to promote social distancing.

See Cal. Gov't Code section 54953(e)(1). Governor Newsom first declared a statewide emergency resulting from the COVID-19 pandemic on March 4, 2020. Furthermore, although the State no longer requires physical distancing, the MSRC meetings are generally held at the South Coast AQMD headquarters located in Diamond Bar, California, which is a city in Los Angeles County and both South Coast AQMD and the Los Angeles County Department of Public Health have recommended social distancing measures.

Recommendations: This action is to address the requirements of AB 361 to allow the MSRC to continue to meet remotely. The recommended action is to adopt the attached Resolution finding that the MSRC: 1) has reconsidered the circumstances of the state of emergency; and 2) state or local officials continue to impose or recommend measures to promote social distancing. See Cal. Gov't Code section 54953(e)(3).

21 **WHEREAS**, the Brown Act, Government Code section 54953(e), makes provisions for remote
22 teleconferencing participation in meetings by members of a legislative body, without compliance with the
23 requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions; and

24 **WHEREAS**, a required condition is that a state of emergency has been declared by the Governor
25 pursuant to Government Code section 8625, proclaiming the existence of conditions of disaster or of
26 extreme peril to the safety of persons and property within the state caused by conditions as described in
27 Government Code section 8558; and

28 **WHEREAS**, on March 4, 2020 the Governor proclaimed a State of Emergency to exist in California
as a result of the threat of the novel coronavirus (COVID-19); and

WHEREAS, pursuant to Health & Safety Code section 44244, the MSRC and its MSRC-TAC are
to adopt or assist in the development of a work program that is to be submitted to the south coast district
board. The South Coast Air Quality Management District includes all of the County of Orange and portions

RESOLUTION _____

1 of the Counties of Los Angeles, Riverside, and San Bernardino as set forth in Health & Safety Code section
2 40410 and South Coast AQMD Rule 103; and

3 **WHEREAS**, the legislative bodies usually meet at the South Coast AQMD headquarters, which is
4 located in the County of Los Angeles; and

5 **WHEREAS**, it is further required that state or local officials have imposed or recommended
6 measures to promote social distancing, or, the legislative body meeting would present imminent risks to the
7 health and safety of attendees; and

8 **WHEREAS**, local and California public authorities still recommend measures promoting social
9 distancing and/or mask wearing indoors and in public gatherings as well as recommending compliance with
10 the latest advice issued by the Center for Disease Control (CDC) regarding same; and

11 **WHEREAS**, on October 12, 2021, the County of Los Angeles Department of Public Health issued
12 further guidance promoting such measures; and

13 **WHEREAS**, on June 23 and August 10, 2021, the South Coast AQMD issued further guidance
14 promoting such measures; and

15 **WHEREAS**, the spread of the Delta variant of COVID-19 poses a continued risk to the health and
16 safety of members of the MSRC legislative bodies, support staff, as well as to any members of the general
17 public who attend such meetings in that unvaccinated or partially vaccinated persons are at high risk of
18 contracting this variant and even fully vaccinated persons can contract and potentially unknowingly spread
19 the variant; and

20 **WHEREAS**, the first detected case of the Omicron variant, a new variant of concern, has been
21 confirmed in Los Angeles County on December 2, 2021; and

22 **WHEREAS**, the MSRC does hereby find that the legislative bodies of the MSRC shall conduct
23 their meetings without compliance with paragraph (3) of subdivision (b) of Government Code section
24 54953, as authorized by subdivision (e) of section 54953, and that such legislative bodies shall comply with
25 the requirements to provide the public with access to the meetings as prescribed in paragraph (2) of
26 subdivision (e) of section 54953; and

RESOLUTION _____

1 **WHEREAS**, the legislative bodies of the MSRC will continue to ensure access to their meetings
2 by making them available telephonically and via virtual access for both members of the legislative bodies
3 and the general public; and

4 **WHEREAS**, notice of meetings along with information regarding all methods which may be used
5 for public participation in such meetings will continue to be posted at the South Coast AQMD's
6 headquarters, posted at any teleconference locations which are officially noticed on the agenda, posted on
7 both the MSRC and South Coast AQMD websites, provided to anyone who requests such information, and
8 clearly printed on any agendas produced for such meetings.

9 **NOW, THEREFORE, BE IT RESOLVED**, that the MSRC hereby finds that the highly
10 contagious nature of the Delta variant of COVID-19 poses an imminent risk to large numbers of persons
11 meeting indoors in a single location; and

12 **BE IT FURTHER RESOLVED**, that the MSRC hereby finds that the Omicron variant of COVID-
13 19, a new variant of concern, has been found in Los Angeles County,

14 **BE IT FURTHER RESOLVED**, that the MSRC hereby finds that the Governor of California
15 issued a Proclamation of Emergency on March 4, 2020; and

16 **BE IT FURTHER RESOLVED**, that the MSRC hereby finds that local officials continue to
17 impose or recommend measures to promote social distancing in the South Coast AQMD's jurisdiction and
18 where the South Coast AQMD's headquarters is located; and

19 **BE IT FURTHER RESOLVED**, that the MSRC authorizes and directs staff to take all actions
20 necessary to carry out the intent and purpose of this Resolution including, conducting open and public
21 meetings in accordance with Government Code section 54953(e) and other applicable provisions of the
22 Brown Act; and

23 **BE IT FURTHER RESOLVED**, that this resolution shall take effect immediately upon adoption
24 and remain in effect until January 15, 2022 or until such time as the MSRC adopts a subsequent resolution
25 in accordance with Government Code section 54953(e)(3) to extend the time during which the legislative
26 bodies of the MSRC may continue to teleconference without strict compliance with paragraph 3 of
27 Government Code section 54953(b).

AGENDA ITEM #2

Summary of Final Reports by MSRC Contractors

MSRC Agenda Item No. 2

Date: December 16, 2021
From: Ray Gorski, MSRC Technical Advisor
Subject: Final Reports Received and Reviewed

Two (2) Final Reports were submitted for MSRC review and approval:

- City of Santa Monica, Contract #MS16115 (\$450,000 - Repower 30 Transit Buses)
- San Bernardino County Transportation Authority, Contract #MS16086 (\$800,625 - Freeway Service Patrols)

A summary of each Final Report is attached. The MSRC-TAC has reviewed the Final Reports and recommends approval.

Contractor: City of Santa Monica
Contract Number: MS16115
Contract Amount: \$450,000
Title: Repower 30 Transit Buses

Discussion: The City of Santa Monica's Big Blue Bus was awarded MSRC Clean Transportation Funding™ to retrofit 30 fixed route transit buses with near zero emission engines. Big Blue Bus purchased new Cummins-Westport 8.9L ISL G Near-Zero 0.02 Nitrogen Oxide (NOx) engines; the first mid-range engine to receive emission certifications from both the U.S. Environmental Protection Agency (EPA) and California Air Resources Board (ARB), that meet the 0.02 g/bhp-hr NOx standard while also meeting the 2017 EPA greenhouse gas emission requirements.

Air quality Benefits: The 30 transit buses equipped with the near-zero emission natural gas engines will reduce NOx emissions on the order of 0.5 ton per year. Over the approximately 12-year useful life, these buses will eliminate approximately 6.44 tons of NOx.

Contractor: San Bernardino County Transportation Authority
 Contract Number: MS16086
 Contract Amount: \$800,625
 Title: Freeway Service Patrols

Discussion: This project developed a new Freeway Service Patrol (FSP) Beat, which consisted of two roving primary tow trucks and one backup truck that helped stranded motorists along State Route (SR) 210 between the Los Angeles County Line and Citrus Avenue.

The drivers of the SR 210 roving tow trucks assisted stranded motorist that had ran out of fuel, needed assistance in changing a flat tire or required assistance to address other minor mechanical problems. If the assistance could not be made within a short period of time, the FSP driver would then tow the vehicle to a location designated by the CHP. The Freeway Service Patrol began assisting motorists on this Beat on March 1, 2017. The tow trucks operated during peak morning and afternoon commute hours.

In the development stages SBCTA went through a competitive proposal process to secure a FSP tow service operator. The Request for Proposal (RFP) was released to the public in the summer of 2016. The contract with the tow operator was finalized in the fall of 2016. Royal Coaches Auto body & Towing were the successful proposer and began providing FSP services on March 1, 2017.

The length of FSP Beat 31 is 12.46 centerline miles. The trucks operated a total of 10,321 hours of service that was provided to motorists. The total number of assists provided to stranded motorist from March 1, 2017 through August 31, 2021 was 32,798.

Reporting Criteria	Mar 1, 2017 thru Jun 30, 2017	Jul 1, 2017 thru Jun 30, 2018	Jul 1, 2018 thru Jun 30, 2019	Jul 1, 2019 thru Jun 30, 2020	Jul 1, 2020 thru Jun 30, 2021	Jul 1, 2021 thru Aug 31, 2021	Totals or Averages
Number of Beats Implemented	1	1	1	1	1	1	1
Centerline Miles	12.46	12.46	12.46	12.46	12.46	12.46	12.46
Number of Tow Trucks	2	2	2	2	2	2	2
Total Service Hours	739.5	2,238	2,249	2,270	2,283.5	451.5	10,321.5
Total Assists	2,071	6,336	6,735	7,632	8,497	1,527	32,798
Average Assists per Hour by Truck	1.40	1.41	1.49	1.68	1.86	1.69	1.58

Greater than 32,000 stranded motorists were assisted along SR 210 from the LA County line to Citrus Avenue, which helped reduce congestion and secondary incidents. In addition, many of the assists that these FSP trucks assisted during the contract term included:

- Approximately 2,800 accidents;
- ~3,500 flat tires;
- ~1,100 cars over heated;
- ~1,600 motorists ran out of gas; and
- ~1,600 pieces of debris removed.

As a result of this grant SBCTA has secured additional state funding to continue the SR 210 Beat as part of the FSP Program in the County of San Bernardino. The funding from the MSRC was extremely beneficial in demonstrating the ongoing need for this service along SR 210 in San Bernardino County.

As noted above, SBCTA is continuing to offer FSP services along SR 210, which is one of nine FSP Beats SBCTA is now able to offer to motorist traveling through San Bernardino County. With the addition of the SR 210 Beat, the SBCTA FSP Program now offers service along 98 center miles of highway. On average the San Bernardino FSP Program assists more than 6,000 motorists per month.

Report on MSRC Outreach Activities

Memorandum

To: MSRC Technical Advisory Committee

From: Ruben Aronin, Senior Vice President
Sam Emmersen, Vice President of Programs
Better World Group

Date: December 2, 2021

Re: Fall 2021 – Quarterly Report on Outreach Activities

Better World Group (BWG) is pleased to provide the TAC with this report on outreach, communications and policy activities that we have undertaken on behalf of the MSRC during the last three months, as well as an overview of some of the activities we anticipate conducting over the next three months.

Task 2 – Outreach and Promotion of MSRC Work Program Achievements

- November [Clean Air Road Map](#) e-newsletter
 - Inland Ports projects
 - Joint MSRC/TAC Fall retreat
 - 30th anniversary MSRC project highlights
- Update the MSRC's [Facebook](#) page with links to news and relevant stories
- News items of the month on the MSRC's celebration of Clean Air Day on October 6

Task 3 – Development and Dissemination of Marketing/Promotional Materials

- Develop sample social media messaging for TAC and MSRC members to help promote the MSRC's Fall electronic newsletter
 - **Tweet 1:**
The @cleantranspfund Fall E-newsletter is here!

Read about the MSRC and TAC Fall retreat, new projects for the Inland Ports Program, and more projects to celebrate 30 years of the MSRC.

Task 4 – Participation in Meetings and Events

- Participated in the October MSRC/TAC joint retreat and presented on the clean transportation funding landscape, outreach activities from the previous Work Program, and ideas to think about for the new Work Program
- Participate in bi-monthly check-in calls with Cynthia Ravenstein, Contracts Administrator
- Participate in monthly CARB/NGOs call re: state regulatory policy updates
- Participate in monthly Green CA calls re: state legislative and regulatory policies

Task 5 – Strategic Market Direction for MSRC Work Programs

- Tracked all relevant state and federal regulatory, legislative, funding and other news items in the [September](#), [October](#), and [November](#) *Clean Transportation Policy Update*

January – March Anticipated Activity Highlights and Opportunities

- Assist staff as the development of the next Work Program continues into early next year
- Continue to promote appropriate awarded or completed projects the MSRC has invested in
- Work with interested MSRC TAC and Members to participate in social media promotion of MSRC activities
- Track state legislative and regulatory priorities including clean transportation funding initiatives

AGENDA ITEM #6

Report on Updated Language for MSRC Contracts

MSRC Agenda Item No. 6

DATE:	December 16, 2021
FROM:	Daphne Hsu, Principal Deputy District Counsel
SUBJECT:	Revisions to contract template
SYNOPSIS:	This is an informational item to explain revisions to South Coast AQMD's contract template to better reflect that AB 2766 / MSRC work program contracts funding infrastructure are grant agreements
RECOMMENDATION:	No action required
FINANCIAL IMPACTS:	None

Background: South Coast AQMD is the legal entity that executes grant agreements to effectuate the AB 2766 work program. South Coast AQMD distributes grants to fund infrastructure projects and other projects. Infrastructure projects are owned, operated, and maintained by other legal entities, not South Coast AQMD. Previously, South Coast AQMD used the term "Contractor" in its contract template to specify the other party to the contract. The term "contractor" was not meant to refer to a general contractor or trade contractor. In other words, these grant agreements are not construction contracts, which may be subject to certain legal requirements.

To lessen the risk of confusion, South Coast AQMD is revising its contract template for infrastructure grant agreements. The term "contract" is being changed to "grant agreement." "Contractor" is being changed to "recipient." A paragraph is being added regarding public works to require recipients to comply with all applicable provisions of the California Labor Code pertaining to public works projects (Labor Code Sections 1720 – 1861). Additional changes are being made and may be made in the future to the contract template to better reflect the status of the contracts as grant agreements.

Recommendations: Informational item only. No action required.

AGENDA ITEM #7

Consider Revised Project Scope by
MHX, LLC

MSRC Agenda Item No. 7

DATE: December 16, 2021

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Modified Scope by MHX, LLC, Contract #MS21017

SYNOPSIS: MHX requests to substitute ten Kenworth Model T680E battery electric trucks and two EVgo Delta 200kW DC fast chargers for the ten Tesla semi Class 8 zero emission trucks and two Tesla MegaChargers originally approved by the MSRC, as part of the FYs 2018-21 On-Road Inland Ports Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC reviewed the request and recommends approval

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: **MHX, LLC**

Project Title: Deploy 10 Zero Emission Trucks & Infrastructure

MSRC Funding: \$1,900,000

Contract Term: September 29, 2021 to September 28, 2030

Current Request: Modified scope

Previous Requests: None

Project Description: The MSRC awarded MHX \$1,900,000 under the FYs 2018-21 On-Road Inland Ports Program to procure and deploy ten Tesla semi Class 8 zero emission trucks and to install two Tesla MegaChargers. No work has been completed and nothing has been paid to date.

Contract Request: MHX now indicates that delivery timelines for the Tesla trucks have been delayed to 2023. Rather than delay their project, MHX proposes to substitute comparable zero emission equipment. MHX requests to substitute the procurement of ten Kenworth Model T680E battery electric trucks and two EVgo Delta 200kW DC fast chargers.

Recommendations: The MSRC-TAC reviewed the request and recommends approval.

Matt Mackenzie
MSRC Contracts Administrator

Dear Mr. Mackenzie,

Re: Modification Request for MSRC Contract #MS21017

As you are aware, our proposed project included ten (10) Tesla Semi Class 8 zero emission trucks and two (2) Tesla “MegaChargers.” It has come to our attention that the delivery timeline for those trucks has been pushed out to 2023. Since that would significantly delay our project, we formally request to modify our contract to deploy comparable zero emission equipment from a different OEM that can meet a delivery schedule reasonably consistent with our project timeline.

The Kenworth Model T680E Battery Electric Trucks and EVgo’s Delta 200kW DC fast chargers (DCFC) will provide the same emission reduction benefits and meet our operational needs as well as the delivery timeline needed for this project. We formally request to switch out ten Tesla trucks for ten Kenworth trucks and two MegaChargers for two EVgo DC fast chargers.

The table below shows the previously proposed cost breakdown with the Tesla technology.

	Unit Cost	Number	MSRC	MHX	Total
Tesla trucks	\$180,000	10	\$1,800,000	\$0	\$1,800,000
Megachargers	\$640,000	2	\$70,000	\$1,210,000	\$1,280,000
Installation	\$50,000	2	\$30,000	\$70,000	\$100,000
		TOTAL	\$1,900,000	\$1,280,000	\$3,180,000

The following table provides a revised cost breakdown with the replacement technology in this modification request.

	Unit Cost	Number	MSRC	MHX	Total
Kenworth trucks	450,422.07	10	\$1,800,000	\$2,704,220.70	4,504,220.70
EVgo chargers	112,759.50	2	\$70,000	155,519	\$225,519
Installation	143,490	2	\$30,000	256,980	\$286,980
		TOTAL	\$1,900,000	3,116,719.70	5,016,719.70

Please do not hesitate to contact me with any questions you may have.

AGENDA ITEM #8

Contract Term Extension Request by
City of La Puente

MSRC Agenda Item No. 8

DATE: December 16, 2021

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: One-Year Term Extension by City of La Puente, Contract #ML18178

SYNOPSIS: The City experienced longer than anticipated times evaluating potential vehicle models and purchasing approaches available within their municipal code. They now expect Council approval in January 2022 and they request a one-year term extension, as part of the FYs 2016-18 Local Government Partnership Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC reviewed the request and recommends approval

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: City of La Puente

Project Title: Purchase One Heavy-Duty Near-Zero Emission Vehicle

MSRC Funding: \$25,000

Contract Term: November 1, 2019 to November 30, 2026

Current Request: One-year term extension

Previous Requests: One-year term extension

Project Description: The MSRC awarded the City of La Puente a total of \$52,800 procure one light-duty zero emission vehicle and one heavy-duty near-zero emission vehicle, as well as installing an electric vehicle charging station. The award was bifurcated into two contracts, and Contract #ML18178 is solely concerned with the procurement of one heavy-duty near-zero emission vehicle. Vehicle selection is now complete and nothing has been paid to date under this contract.

Previous Requests: The City's initial vehicle purchase was disqualified for failure to meet the emission standards specified in the contract. The City requested a one-year contract term extension to allow time for them to procure a second vehicle which would fulfill the contract requirements. This modification was processed administratively.

Contract Request: The City indicates that they needed longer than anticipated to compile comparisons between bus models, ensuring compliance with the emission requirements set forth in the contract as well as considering efficiency, capacity and lifespan. The City also evaluated the availability of various procurement approaches, including cooperative purchasing agreements, within their municipal code. The City now expects to bring the selected vehicle to their Council for approval in January and proceed with the purchase. The City requests a one-year term extension to complete the project.

Recommendations: The MSRC-TAC reviewed the request and recommends approval.

Nov. 08, 2021

Dear Ms. Ravenstein:

The City of La Puente formally requests an extension of MSRC Contract Number **ML 18178** for a period of twelve (12) additional months from the current expiration date of November 30, 2021.

The purpose of this request is to allow the City sufficient time to finalize the purchase of a clean-air transit bus pursuant to the terms specified in the contract and place the vehicle into service. The City has experienced significant delays related to the COVID-19 pandemic.

Recently, the City has made substantial progress on the contract. Staff has conducted all necessary procurement activities, selected a vehicle model, and selected a vendor to provide the bus. Furthermore, staff has prepared all documents necessary for the approval of this purchase order contract at the next City Council meeting. The La Puente City Council is extremely invested in providing clean air transportation and is poised to move forward with approval of the purchase.

We thank you for your consideration of this request. Little stands in the way of our completion of the contract, and we are hopeful you will consider this in your evaluation. If we can provide any further information, please feel free to contact us at any time.

Respectfully Submitted,

Troy Grunklee, CPA
Director of Administrative Services
City of La Puente

AGENDA ITEM #9

Contract Term Extension Request by
City of Bellflower

MSRC-TAC Agenda Item No. 9

DATE: December 16, 2021

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: Six-Month Term Extension by City of Bellflower, Contract #ML12091

SYNOPSIS: The City requests a six-month term extension due to delays associated with COVID-19 impacts and other potential projects that will be taking place at Simms Park, as part of the FY 2011-12 Local Government Match Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC reviewed the request and recommends approval, contingent upon limiting future extensions to a maximum of an additional six months total

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: **City of Bellflower**

Project Title: Install EV Charging Infrastructure

MSRC Funding: \$100,000

Project Term: October 5, 2018 to December 30, 2021

Current Request: Six-month term extension

Previous Requests: Increase stations from five to eleven, and change location of some stations; substitute five Level II charging stations for two Level III charging stations and extend term to June 30, 2020; change location of one station and six-month term extension; and three-month term extension. ML12091 is a replacement contract for ML12051. Under ML12051: Scope and value reduction and one-year term extension; Substitution of two fast chargers for eight Level II chargers, reduced contract value, and six-month extension; Location change and six-month term extension.

Project Description: The City was originally awarded \$270,000 under the MSRC's FY 2011-12 Local Government Match Program to install fifteen Level II electric vehicle charging stations; this was subsequently modified over the course of various actions to \$100,000 for the installation of eleven Level II stations. Ten of the stations have been installed and \$34,659.94 has been paid to date.

Previous Requests: The City indicated that transfer of the project between departments delayed progress, and they requested a one-year contract term extension. Additionally, the

City requested to reduce the number of charging stations to be installed from 15 to 8, with a corresponding reduction in contract value from \$270,000 to \$170,000. The City also proposed to install the stations in a greater number of locations to heighten public awareness. The MSRC approved the entirety of the City's request. Later, the City indicated that they now believed fast chargers would be more popular, and experience a greater turnover, than the Level II charging stations specified by the contract. The City requested approval to substitute the installation of two fast chargers for the eight Level II chargers, coupled with a corresponding contract value reduction from \$170,000 to \$100,000, as well as a one-year term extension in order to complete the work. The MSRC approved the request, but the contract lapsed without the City returning the modification documents. The MSRC authorized a replacement contract.

Subsequently, the City indicated that the power supply at their new parking structure would not accommodate the specified Level III charging stations. The City requested to substitute the installation of five Level II charging stations for the two Level III stations, with no change to the contract value. Two of these stations would be installed at the parking structure, and three would be installed at a separate City parking lot. The City further requested that the contract term be extended to June 30, 2020. Next the City indicated that construction costs would be drastically reduced if all charging stations were to be installed at the new parking structure. They also requested to increase the number of stations from five to eleven. The MSRC approved these changes.

In May 2020, the City reported that their contractor was unable to stub out the electrical for one of the eleven stations planned to be installed at the parking structure. The City requested to change the location of one station to the City Hall parking lot. They further requested a six-month extension to secure an installer and complete the work. The MSRC approved these changes.

Next the City stated that COVID-19-related complications had further delayed their progress. They requested a six-month term extension. Due to the short time between the December MSRC meeting and the contract expiration date, in order to minimize the potential of the contract expiring, a three-month term extension was processed administratively. Therefore, a three-month term extension would fulfill the remainder of the City's request. The MSRC approved the extension.

In May 2021, the MSRC considered the City's report that ADA requirements would not be met if the final charger were installed at Bellflower City Hall. They had identified an alternative location at Simms Park at 16614 Clark Avenue, Bellflower. The City requested approval of the location change as well as a six-month term extension to allow for completion of the installation in the new location. The MSRC approved the requested changes.

Contract Request: The City indicates that construction has been further delayed due to COVID-19 impacts and other potential projects in Simms Park. They request a six-month contract term extension to complete the project.

Recommendations: The MSRC-TAC reviewed the request. Given the history of modifications and extensions, there was some concern that this project needs to be brought to conclusion.

The MSRC-TAC recommends approval of the request, contingent upon limiting future extensions to a maximum of an additional six months total.

Re: Contract #ML12091G EV Charging Infrastructure

Dear Ms. Alfaro:

Please accept this letter as the City of Bellflower's (City's) request to extend the contract for a period of six months to complete the installation of the EV Charging Station at the Simms Park Parking lot, located at 16614 Clark Avenue, Bellflower CA 90706. Due to COVID-19 impacts and other potential projects that will be taking place at Simms Park, there has been a delay in completing the installation of the EV Charging Station. The City has been in negotiation with Voltaic to enter into a Public Works contract and plan to have that process completed by the end of this year. We anticipate installation of the EV Charging Station in early 2022. Should you have any questions regarding this request, please do not hesitate to contact me at 562-804-1424, ext. 2233 or at biniguez@bellflower.org.

Sincerely,

AGENDA ITEM #10

Contract Term Extension Request by
City of San Fernando

MSRC Agenda Item No. 10

DATE: December 16, 2021

FROM: Cynthia Ravenstein, MSRC Contracts Administrator

SUBJECT: 18-Month Term Extension by City of San Fernando, Contract #ML16075

SYNOPSIS: The City requests an 18-month term extension due to longer than expected time for U.S. Army Corps of Engineers' permit approval, as part of the FYs 2014-16 Local Government Match Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC reviewed the request. In order to minimize the potential for additional requests, the MSRC-TAC recommends approval of a 30-month term extension

ATTACHMENTS: Contractor's letter requesting modification

DISCUSSION:

Contractor: **City of San Fernando**

Project Title: Install Class I Bikeway

MSRC Funding: \$354,000

Project Term: October 27, 2016 to February 26, 2022

Current Request: 18-month term extension

Previous Requests: One-year term extension; one-year term extension; one-year term extension

Project Description: The MSRC awarded the City \$354,000 to install the 1.6 mile Class I Pacoima Wash Bikeway project. No construction has been completed and nothing has been paid to date.

Previous Requests: In November 2018, the City indicated that the need to obtain Army Corps of Engineers' approval for a segment of the work was delaying the project. The City requested a one-year contract term extension. This modification was processed administratively.

In October 2019, the City indicated that they were still waiting for the Army Corps of Engineers' approval. The City requested a one-year contract term extension. The MSRC approved the request at their November 2019 meeting.

In November 2020, the City attested that they were still waiting for Army Corps of Engineers' approval before they could submit their design packet to Caltrans. They had no control over this permit process nor any leverage to expedite it. The City requested, and the MSRC approved, an additional one-year term extension.

Contract Request: The City now indicates that they have just received the subject Army Corp of Engineers' permit as of November 10, 2021. They expect to submit "Plans, Specifications and Estimate" to Caltrans in December 2021, and select a construction contractor in February 2022. The City requests an 18-month term extension to complete the project.

Recommendations: The MSRC-TAC reviewed the request. Given concerns that 18 months might not prove sufficient to complete the project, the MSRC-TAC recommends approval of a 30-month term extension to minimize the potential for additional requests.

SUBJECT: Project Extension Request

Ms. Alfaro:

The City of San Fernando is requesting a project extension, through August 26, 2023, for MSRC Contract #ML16075B; Installation of a Class 1 Bikeway. As of the date of this letter, the U.S. Army Corp of Engineers' (USACE) approved a permit (November 10, 2021) to allow for construction on a particular section within the project area. Not being able to obtain the permit from USACE in a timely matter is what has delayed project progress over the last several years.

Per contract #ML16075B, the City of San Fernando has a project deliverable date of February 26, 2022. This date will not be met due to the following reasons:

- USACE just approved permit which was required to proceed with submission of project design packet to Caltrans.
- Plans, Specifications, and Estimate will be finalized on 12/3/21 and submitted to Caltrans.
- Request to Proceed with Construction will be made to Caltrans on 12/10/21.
- Anticipate Advertising & Bids in January 2022
- Award Construction in February 2022
- Start Construction in March 2022

Based on the circumstances and time frame described above, the City of San Fernando respectfully requests a project extension for the installation of a Class 1 Bikeway through August 26, 2023.

Sincerely,

Kenneth Jones, MPA

AGENDA ITEM #11

Consider Re-Opening Contract for
San Bernardino County Transportation Authority

MSRC Agenda Item No. 11

DATE: December 16, 2021

FROM: Cynthia Ravenstein

SUBJECT: Authorize Re-Opening Contract to Reimburse Work Completed by San Bernardino County Transportation Authority (SBCTA) under Contract #MS16086

SYNOPSIS: The MSRC awarded SBCTA \$800,625 to freeway service patrols on California State Route 210. While the \$115,023.09 final invoice was awaiting processing, the contract was closed in error.

FINANCIAL IMPACT: \$653,998.86 was paid under #MS16086. The contract balance of \$146,626.14 reverted to the AB 2766 Discretionary Fund when the contract was closed. Funds are available to support a \$115,023.09 payment if the contract were re-opened.

RECOMMENDATIONS: The MSRC-TAC reviewed staff's recommendations and recommends that the MSRC authorize re-opening the contract solely for the purposes of completing the reimbursement.

DISCUSSION: The MSRC awarded SBCTA \$800,625 to provide freeway service patrols on a segment of California State Route 210. The final invoice, in the amount of \$115,023.09, was awaiting processing when the contract was closed in error.

\$653,998.86 was paid under #MS16086. When the contract closed, \$146,626.14 reverted to the MSRC's undesignated fund balance and was reported as such to the MSRC.

Staff recommends that the MSRC authorize re-opening the contract solely for the purposes of completing the reimbursement. Funds are available to support a \$115,023.09 payment.

AGENDA ITEM #12

Consider Bifurcation of Award to
Penske Truck Leasing, L.P.

MSRC Agenda Item No. 12

- DATE:** December 16, 2021
- FROM:** Cynthia Ravenstein
- SUBJECT:** Consider Bifurcation of Original \$1,160,000 Award to Penske Truck Leasing Co., L.P. under the Zero and Near-Zero Emission Cargo Handling Equipment at Warehouse, Distribution and Intermodal Facilities in Riverside and San Bernardino Counties Program
- SYNOPSIS:** In March 2021, as part of an initiative to reduce emissions from “Inland Ports” cargo handling equipment, the MSRC approved a \$1,160,000 award to Penske Truck Leasing Co., L.P., to procure and deploy up to 5 zero-emission electric yard tractors and associated charging infrastructure. A determination has now been made that the charging infrastructure would be owned and operated by property owner Costco.
- FINANCIAL IMPACT:** \$1,160,000 was previously awarded to Penske. This amount would be split between Penske and Costco; no new funds would be allocated.
- RECOMMENDATIONS:** In order to enhance accountability in administration of the project, the MSRC-TAC recommends that the award be bifurcated into a \$1,000,000 award to Penske for the 5 yard tractors, and a \$160,000 award to Costco for the charging infrastructure. No other aspects of the project would be changed.
